SHOWERS

GERMAN AIRMEN ATTACK AMERICAN HOSPITALS

ONE AMERICAN MEDICAL OFFICER KILLED AND MANY OTHERS WOUNDED SAYS DISPATCH FROM CORRESPONDENT

LONDON, SEPTEMBER 7.—(ASSOCIATED PRESS CABLE)—THE GERMANS YESTERDAY MADE AN AERIAL ATTACK UPON THE AMERICAN HOSPITALS OCCUPIED BY ST. LOUIS AND HARVARD CONTINGENTS, SITUATED IN A COAST VILLAGE, KILLING ONE OFFICER OF THE AMERICAN ARMY MEDICAL CORPS AND WOUNDING THREE OTHERS SEVERELY, REUTERS' CORRESPONDENT AT BRITISH HEADQUARTERS TELEGRAPHED TODAY.

TWO OTHERS OF THE RANK AND FILE WERE KILLED AND 16 WOUNDED, 5 OF THE LATTER BEING AMERICANS.

NO OFFICIAL REPORT

WASHINGTON, SEPTEMBER 7.—(ASSOCIATED PRESS DISPATCH)—NO REPORT OF THE ATTACK BY GERMAN AIRMEN ON AMERICAN HOSPITALS HAS BEEN RECEIVED TODAY BY THE WAR DEPARTMENT.

CROP INDICATIONS BETTER THAN EVER

Corn Crop Estimated at 3,248,000,000 Bushels, With Other Crops Showing Improvement.

By Associated Press Dispatch.

WASHINGTON, September 7.—Better weather favored crops generally during August and as a result larger yields were forecast today by the Department of Agriculture in its estimates based on conditions existing September 1.

The forecast of each crop's final production follows:

Winter Wheat, 417,000,000 bushels.
Spring wheat, 250,000,000 bushels.
All wheat, 668,000,000 bushels.
Corn, 3,248,000,000 bushels.
Oats, 1,533,000,000 bushels.
Barley, 204,000,000.
Rye, 56,000,000.
Buckwheat, 20,000,000.
White Potatoes, 462,000,000.
Sweet Potatoes, 88,000,000 bushels.
Tobacco, 1,225,000,000 pounds.
Hay, all, 91,000,000 tons.
Peaches, 42,000,000 bushels.

Production figures for winter wheat, rye and hay are preliminary estimates. Comparison of the September with the August production forecast indicates the changes in prospects caused by weather and other conditions during the month of August.

The great corn crop, which is a record-breaker, was developing in a fair to excellent manner in the main corn-growing States when the September canvass was made by Department of Agriculture agents and correspondents. In Kansas, where the August report indicated the production would be cut in half by the severe weather conditions of July, rain had brought rapid recovery and there were prospects of a good yield in the eastern and south-central parts of the state.

IS CHOSEN CHIEF

By Associated Press Dispatch.
MINNEAPOLIS, MINN., September 7.—Samuel Gompers, president of the American Federation of Labor, today was unanimously elected president of the American Alliance for Labor and Democracy recently organized to line up labor behind the government and stamp out labor troubles.

GERMANY HAS HIGH FINANCE

COPENHAGEN, September 7.—(Associated Press Cable)—The Imperial Bank of Germany in the last week has been compelled to put out 359,000,000 marks more paper money, bringing up the note circulation to more than 9,300,000,000 marks, which is 2,200,000,000 above the amount outstanding at the same date last year.

The gold reserve of 2,400,000,000 marks, on the other hand, is now 66,000,000 marks below last year.

CROXTON IS SLATED FOR FOOD CHIEF

Will Be Named Food Administrator of Ohio With Full Power to Act.

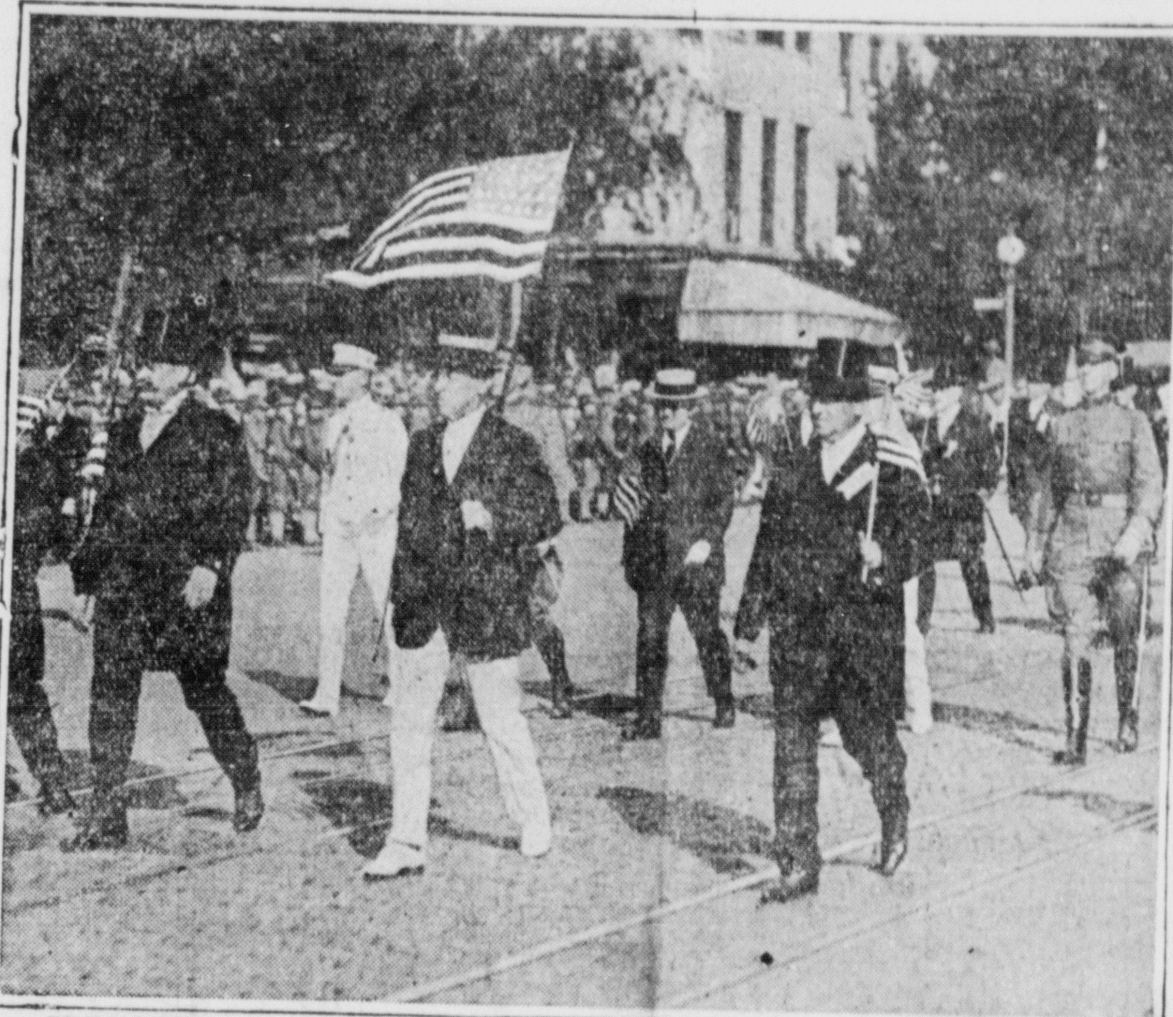

By Associated Press Dispatch.

WASHINGTON, September 7.—Fred C. Croxton, of Columbus, Secretary of the Ohio Branch of the Council of National Defense, will be named state food administrator for Ohio by President Wilson, it was announced here today.

Mr. Croxton will be vested with full power to investigate complaints of food speculation, hoarding and price boosting, and will prosecute violators of the food control law.

He will represent Herbert C. Hoover in all food control and conservation matters in Ohio.

PRESIDENT WILSON MARCHES AT THE HEAD OF THE NATIONAL CAPITAL'S DRAFTED MEN

PRESIDENT WILSON HEADS PARADE OF DRAFTED MEN IN WASHINGTON

From the Peace monument near the United States capitol to the war department a route symbolic of his own career in the presidency, Woodrow Wilson walked at the head of all the administrative forces of the United States.

Nowhere on earth, save in free America could there have been such a demonstration of unified democracy. Nowhere, save in Washington, could there be such electric response to the presence and the will of a nation's chief.

It was the president's prayer for the drafted men of America translated into action. He sent this message from coast to coast:

"This great war draws us all together, makes us comrades and brothers, as all true Americans felt themselves to be when we first made good our national independence. My affectionate confidence goes with you

in every battle and every test. God keep and guide you."

In token of brotherhood and affection he marched in the ranks with the drafted men of the District of Columbia. They were merely the symbols of the selected man power of the entire nation. As his journey typified true fraternity, so did the little body of Washington's drafted men typify the youth of America summoned to arms for the welfare of the world.

I. W. W. PLOTS NATION WIDE SAYS REPORT

Documents Seized Indicate Conspiracy of Great Magnitude to Hamper Government.

By Associated Press Dispatch.

WASHINGTON, September 7.—Reports and disclosures made to officials here in connection with the seizure Wednesday of I. W. W. documents throughout the country, indicates, it was said today, that there has existed for some time a nation wide conspiracy to hamper the government in almost every way conceivable in the progress of carrying on the war.

Opposition to the draft law, burning of crops, some of the so called labor disturbances and attempts to curtail production in war industries, the report indicates, were all a part of the same alleged conspiracy whose prime motive was thought to be the crippling of the government's activities in every way possible, short of interference with military and naval operations.

Tens of thousands of letters, checks and other documents in the possession of Federal authorities will be placed before grand juries which later

may investigate the alleged conspiracy. In the light of reports made recently to officials here the numerous instances of opposition at widely scattered points to the draft law were part of the general alleged conspiracy and were prompted by virtually the same men in almost every instance.

OHIO TO GET FRENCHMEN

(Associated Press Cable)

PARIS, September 7.—George Carpenter, the French pugilist and at present an aviator in the French army, according to the Herald, is going to the United States as an aviation instructor and will be stationed at Dayton, Ohio.

Second Lieutenant Jean Havarre, the French officer who is credited officially with having brought down 12 German machines, is also going to America on a similar errand.

TAKE TIME FOR REPLY

(Associated Press Cable)

COPENHAGEN, September 7.—The new German committee composed of seven members of the Reichstag and an equal number from the Bundesrath formed for the purpose of bringing the government into closer touch with the legislative bodies, probably will not meet before September 12 to consider the German reply to Pope Benedict's peace proposals.

FEDERAL AID FOR ROAD IS APPORTIONED

Portion Coming to Ohio \$558,043 for 1918, and Much Greater Amount Following Year.

By Associated Press Dispatch.

WASHINGTON, September 7.—Apportionment of \$14,550,000 to the states from government funds to aid in the construction and maintenance of rural post roads in accordance with the Federal and Roads law was announced today by Secretary Houston of the Department of Agriculture, for the year ending June 30, 1919.

The amount apportioned to Ohio is \$558,043.

The law calls for the apportionment of \$20,000,000 for 1920 and \$25,000,000 for 1921.

This is the third apportionment under the law, \$4,850,000 having been apportioned for 1917, and \$9,700,000 for 1918.

APOSTOLIC DELEGATE

(By American Press)

Rome, Sept. 7.—A successor is shortly to be appointed to succeed Monsignor Bonzano as papal delegate to the United States, according to a report current here.

IMMEDIATE REBUILDING OF CAMP SHERMAN IS ORDERED BY THE U. S. GOVERNMENT

CHILLICOTHE, OHIO, September 7.—(Associated Press Dispatch)—Immediate reconstruction of a large percent of the buildings at Camp Sherman, the national army cantonment here, was ordered by the War Department today. The change, it was stated, is necessitated by the reorganization of the American army.

Buildings of the great cantonment which today were 96 per cent complete, were planned and constructed to care for companies and regiments under the old organization of 200 men to a company, and 14 companies to a regiment.

The United States Army is now organized under the French system, greatly enlarging the size of companies and regiments.

Whether the orders will mean the construction of additions to present buildings, erection of more buildings or remodeling of the newly completed quarters, is not known. However, the orders are taken to mean a change in every barracks, the employment for construction of 11,000 men for a longer period, great quantities of lumber and materials and heavy expenditures.

Captain Rhoades, of the engineering reserve corps will go to Washington tonight to get detailed instructions.

Word was received here at noon today that 440 drafted men from Cleveland would arrive at camp late today.

AUSTRIANS WEAKEN UNDER HEAVY BLOWS

MANY CONSCRIPTS WILL BE REJECTED

CHILLICOTHE, O., September 7.—(Associated Press Dispatch)—It is estimated in preliminary reports to headquarters that from 7 to 10 per cent of conscripts will be rejected because of physical defects.

Complete Victory for Italians Is Believed Imminent—Russians Offer Resistance to Germans.

By Associated Press Dispatch.

Although the Austrians apparently still retained a precarious hold upon Monte San Gabriele, their last remaining mountain stronghold northeast of Gorizia, the end is in sight for them in this region, according to Italian belief.

The Italian report today shows the Austrians still resisting desperately but staggering under the heavy losses which the incessant Italian pressure of the last few days has inflicted upon them.

This pressure is being maintained and is becoming decisive, the commander of the attacking forces announces. The confident tone of today's communique from Rome is considered significant.

The continued retreat of the Russian armies has not yet caused the Russian authorities to fear seriously for Petrograd, according to current advice. The attacks and encounters between the rear guards and the German advance are now beginning to be reported.

This may indicate that the Russians are approaching a line where they will attempt to settle down and offer resistance.

M. P. CONFERENCES WILL CONSOLIDATE

MT. VERNON, O., September 7.—

The Muskingum M. P. Conference today voted almost unanimously to consolidate with the Ohio Conference, which holds its annual sessions at Sabina, Ohio.

Only two votes opposed the consolidation.

MINISTRY RESIGNS

(Associated Press Cable)

PARIS, September 7.—The resignation of the Ribot ministry was decided upon immediately after a cabinet meeting this morning.

President Poincare has asked the Premier and his ministers to withhold their resignations until the President of the Senate and Chamber of Deputies have returned to Paris to discuss the situation.

RIEDEL GETS PLUMP PLUM

By Associated Press Dispatch.

COLUMBUS, O., September 7.—Vernon M. Riegel, superintendent of Marion county schools was today appointed assistant superintendent of schools for the state at a salary of \$2500 per year, by order of state superintendent of schools S. B. Pierson.

Mr. Riegel succeeds J. H. Cook, of Circleville, who resigned to go to Columbia University to take up special work.

ENTER MUST RETURN TO CAMP AND FACE MUSIC

Hiram Jackson, of Marion, Ohio, Placed Under Arrest by Sheriff and Will be Sent Back to Face Serious Charge—Other Arrests Expected.

Upon advices received from the authorities at Camp Perry, Private Hiram Jackson of Company D, Marion, Ohio, was arrested for deserting from the United States Army.

Jackson appeared at the Sheriff's office Thursday afternoon and asked Deputy Sheriff Jones to wire Camp Perry to see if the troops were still in camp at that point. Word was immediately sent to arrest the soldier as a deserter.

He was placed in the county jail to await instructions from army officers. He has been absent from camp for thirteen days.

The man seemed to be perfectly contented in the jail and seemed to prefer that to fighting. He did not seem to realize the seriousness of his offense which carries with it severe punishment.

In the last week several men have been absent without leave from Camp Perry and a letter was sent to the authorities in this city with a list of the men who have deserted. Several of the men are from this city or county.

It is understood a reward of \$50 is offered for Jackson's apprehension. He is said to have a sweetheart in this city.

ELIJAH HOPKINS DIES AT HOT SPRINGS

Elijah Hopkins of Hot Springs, Ark., formerly of this city, died Thursday morning at 6:20 at his home, after an illness of two and a half years. Mr. Hopkins was born

October 25, 1837, in Fayette county, Ohio. He was the son of Jeremiah and Nancy Hopkins, pioneers of Pennsylvania. On March 1, 1860 he married Lucy Gibson at the old Clinton Hotel in this city. In 1891 he moved with his family to Hot Springs.

He leaves a wife; two sons, Herbert of Corpus Christi, Texas, and Harry V. of this city; three daughters, Mrs. W. H. Cutter of Lancaster, Ohio; Mrs. Hal Howard of San Antonio, Texas, and Miss Hannah Leah of Hot Springs; also two brothers, Washington of El Dorado Springs, Mo., and David, of Washington C. H. and two sisters, Mrs. Nancy Beatty of Washington C. H. and Mrs. Phebe Peterson of Frankfort.

Mr. Hopkins was a member of the Masonic Lodge and Knights Templar of this city. The body will arrive in this city Friday evening, accompanied by Herbert Hopkins and Mrs. W. H. Cutter, and will be taken to the home of Harry V. Hopkins on North High street.

The funeral will be held Sunday afternoon at 2:30 from the Hopkins home. The Knights Templar will be in charge. Burial at Grandview.—Chillicothe News-Advertiser.

OPENS SERIES WITH HILLSBORO

The Washington and Hillsboro baseball teams have arranged for a series of games to begin Sunday, when the local team goes to Hillsboro for the opener. The Hillsboro team is a strong aggregation and some good work is anticipated.

Referring to the Hillsboro pitcher and to the series with Washington, the News-Herald of Hillsboro says:

"Deakayne pitched for our boys at Greenfield and turned in a beautiful game. Aside from the first inning he never allowed more than one hit in an inning and struck out nine men. He was given great support in the field. 'Weckey' Long showed his versatility by catching a splendid game.

"Next Sunday Hillsboro will open a series with the strong Washington C. H. team. Either Deakayne or Long will pitch for Hillsboro. Washington has a very strong team but our boys expect to win the series and with two such pitchers as Deakayne and Long should do so. The games will be well worth seeing and you will make a big mistake if you are not on hand Sunday."

MONSTER PEACH

Alex Price, 807 Queen street, claims the honor of being the champion peach producer of the season. Mr. Price carried a large one into The News-Signal office this morning. It measured ten and three-quarter inches in circumference and when picked, Mr. Price says, weighed exactly fifteen ounces.

Mr. Price is not positive just what species of peach it is, but believes that it is an Alberta. The tree bearing the fruit sprang from a peach stone planted five years ago. Four years ago Mr. Price transplanted the tree and has picked more than one and one-half bushels of the fruit from the tree this season.—Middle-town News-Signal.

Every American Soldier in France To Have Copy of New Testament

PACKING SOME OF THE 1,000,000 TESTAMENTS FOR THE SOLDIERS GOING TO FRANCE

The American Bible society has issued since May 750,000 Bibles and single books in various forms and editions for American soldiers and sailors, it was announced. Its presses, running sixteen hours a day still cannot keep up with the demand. It has now agreed to furnish to the national war work council of the Y. M. C. A. 1,000,000 eighteen-cent Testaments.

ments and has just signed contracts with responsible firms to produce these books.

By this agreement the Bible society becomes responsible for furnishing a million Testaments, the Y. M. C. A. for distributing them wisely. The picture shows one of the young women employees of the Bible society packing Testaments ready for shipment to the boys in France.

FUNERAL SERVICES JOHN A. PAUL

A large number of friends and relatives gathered at the Paul home on East Court street, Thursday afternoon, to pay a farewell tribute to John A. Paul, loyal G. A. R. veteran, and well known citizen.

Rev. Wm. Boynton Gage conducted the brief funeral services, speaking at length upon Mr. Paul's untiring loyalty to his country and his G. A. R. relations. The minister read the hymns "Some Day We'll Understand" and "Rock of Ages."

Friends were asked to kindly omit flowers and the only floral remembrances were those of the family; a beautiful casket robe of asters and roses; a large basket of roses, and a pillow from his only grandchild, Alice Jane Paul, of Akron.

The pall-bearers were Messrs. A. T. Vincent, V. J. Dahl, Newton Rowe, George Jenkins, Noah Smith and William Smith.

The burial was made in the Washington cemetery.

MAJOR ALLEN HEADS COURT MARTIAL BOARD

When the "Rainbow Division" from Ohio lands in France, Major Rell G. Allen will have charge of all court martial work, as he did on the Mexican border last winter, unless other plans are made from those of the present.

At Camp Perry he has been named Summary Officer, and president of the General Court Martial Board which metes out punishment to offenders in general.

Sessions of the court are frequent as there is usually something doing among the more than 3,000 men, which is in violation of the army rules.

FLOWERS ARE STOLEN FROM CHURCH YARD

There is great indignation among members of Sugar Grove church over the stealing of flowers from the beautiful flower beds on the church ground. The beds have been completely dismantled, the plants all in full bloom, taken up roots and all.

These flower beds have been a matter of pride among church members, many of whom have contributed both time and money to them and every effort will be made to catch the thief.

OUT ON BOND

Reynolds Davis, charged with hog stealing, was released on \$500 bond, Thursday evening.

Davis had been held in the county jail since his arrest some ten days ago.

THE WAR BOARD SAYS

The world is hungry. Our allies must have one billion bushels of wheat.

The nation looks to Ohio farmers for 60,000,000 bushels next year.

Congress has guaranteed the price. It will be \$1.90 or more to the farmer for every bushel of clean, sound 1918 wheat produced on Buckeye acres. State experts so interpret the food control bill.

The need is great. Grow more wheat. Plant more acres.

Disc and harrow thoroughly. Secure the best variety obtainable for seed. Fan seed with fanning mill to remove weed seeds, smut balls and shriveled grains. Then treat seed with formaldehyde to prevent stinking smut.

Fertilize with manure and phosphate.

Top dress in November or December with light application of manure or straw where winter is likely to occur.

ABSENTEES DREW FINE OF JUST \$40

Three Company M boys were recently taken back to camp in charge of an officer, faced charges of being absent without leave, and each man drew \$40 for his little stay in the city.

The \$40 will be taken from the wages of the men, \$20 per month for the next two months.

It is understood that several other members of the Company are still absent, and will be treated as deserters.

GREAT GASSER IS STRUCK IN VINTON

The biggest "gasser" in southern Ohio was brought in a few days ago on the Ella Gibson farm in Richmond township, Vinton county, by the Ohio Fuel Supply Company.

The gasser is 2300 feet in depth and the estimated production is 19,000,000 feet daily.

When the gas was struck the drilling machinery was wrecked and the noise of the escaping gas was heard for miles.

WHISKEY MAKING STOPS SATURDAY

The manufacture of whiskey stops throughout the United States, on Saturday, Sept. 8th.

602 distilleries were registered and operated in the country during the fiscal year.

Buma Goldman and Alexander Berkman should be supported by the United States for the term of their natural lives.—Florida Times-Union.

Washington's Foremost Picture Theater

THE PALACE

TO-NIGHT

K. E. S. E. Presents the Famous Portrayer of Western Characters

Jack Gardner

—IN—

The Range Boss

Staged in the picturesque wilds of Arizona, it unfolds a thrilling story of red-blooded western life. The picture is based on American cowboy life and is replete with rapid-fire action of a sort that keeps an audience gripping its seats. Ruth King appears as Mr. Gardner's leading woman and has done some excellent work in her role. This is one of those kind of pictures that has made the K. E. S. E. program so popular and in demand by all leading theatres

Coming—William Farnum in "American Methods"

QUALITY PLUS HOSPITALITY

O. S. U. IS DOING ITS PART TOWARD WINNING THE WAR

By Associated Press Dispatch.

Columbus, O., Sept. 7.—Ohio State university students and professors are doing their share of helping Uncle Sam win his war against Germany according to figures made public by Dr. O. W. Thompson, president.

Nineteen professors in the school of medicine already have left for active war work. Many of them have received commissions and already are attached to various units.

Six instructors in the scientific departments are doing war work exclusively, some of them at Washington. Others are assisting in the university laboratories. During the summer extensive and exhaustive experiments have been made with various kinds of gas, with good results. Many other instructors assisted the state in the draft registration and in other war work.

A number of the regular faculty now is connected exclusively with the aviation school for regular army men at the university.

An unknown number of the university students are actively in the war. University records show that more than 256 undergraduates attended the

first officers training camp at Ft. Benjamin Harrison and that a large majority of them obtained commissions in the new National army.

Large numbers of students also have enlisted in other arms of the service, many of them having joined the mosquito fleet. The exact number of such students is not known, as no accurate record of them has been kept.

Work at the university will proceed much as usual this winter. Every department, with the exception of the physical training department, will be open as usual. As the army aviation school headquarters are located in the university gymnasium, physical education will be discontinued until other quarters are found for the aviators.

Indications now are that the attendance this year will not suffer greatly because of the war and that it will be about normal, regardless of numbers of students who have left. So far, 718 Freshmen have registered for the fall term compared with 698 this time last year. Cards have been sent to the 3200 students who attended last year and who under normal conditions would have returned this year, and 2500 have replied that they will be back in school as usual when the university opens September 18. Already 1651 students have been assigned to classes for the fall term.

Several new Professors have been added to the university faculty to take

the places of those who have entered war work.

MAKING REPAIRS ON MACADAM STREETS

Workmen under the direction of Safety-Service Director Hillery are busy at work filling up ruts in some of the macadam streets, and making repairs that are expected to place the streets in very much better condition for the winter.

Gravel is being used in the work of filling up the depressions in the streets, and hundreds of dollars will be expended in this way before the work is completed. Some of the streets were beginning to show the effects of several years of inattention.

MARRIAGE LICENSES

Spencer S. Coburn, 55, laborer, Soldiers' Home, Dayton, Ohio, and Samantha Russell, 49, Rev. Dalbey.

Will Be Repaid For Their Work.

Women everywhere suffer from kidney trouble—backache, rheumatic pains, swollen and tender muscles, stiff joints. Mrs. C. J. Ellis, 505 8th Ave., Sioux Falls, S. D., writes: "I feel sure if anyone bothered as I was will give Foley Kidney Pills a fair trial they will be repaid for their work." Blackmer & Tanquary, advt.

In Social Circles

It was an unusually attractive bevy of young girls in varied gowns and picture hats, who surrounded the lovely honor guest, Miss Dorothy Saxton, a bride of tomorrow, at an extremely pretty tea given by Miss Dorothy Fullerton, Thursday afternoon.

The atmosphere was charged with that hospitality which always permeates the Fullerton home and cosmos and asters in artistic arrangement lent an effective note of color to the rooms.

Miss Fullerton, in chic toilette of white French voile, having Russian blouse printed in colors, was a charming young hostess.

Miss Saxton, admittedly one of Washington's prettiest girls, was wearing a graceful gown of wood green crepe de chine with white georgette collar, vastly becoming with her bronze gold hair.

Miss Henrietta Peery, of Lynchburg, Va., a fascinating southern girl was also in the receiving line—her smart gown of tan rajah braided in rose and blue completely with large black hat, faced with rose.

Miss Ada Woodward, in pale blue organdy, poured at the dainty appointed tea table. Assisting were Mrs. Frank M. Fullerton, Miss Margaret Fullerton, of Columbus, both in white lingerie gowns; Miss Ruth Reid in a lovely gown of white georgette, with beaded color and girdle of silver cloth; Mrs. Loring Brock, wearing Copenhagen blue, with white blouse embroidered in white; Miss Doris Willis and Miss Gladys Fenner, in gowns of white georgette.

The marriage of Miss Anne MacGregor Payne, Domestic Science expert, will be of interest to many Washington friends who learned to know and admire Miss Payne when she instructed classes in this city.

The society columns of the Ohio State Journal are in part:

"Three clergymen officiated at the marriage ceremony of Miss Anne MacGregor Payne, daughter of Mr. and Mrs. Nicholas Payne of Rochester, N. Y., to Mr. Stewart MacMaster Robinson, Philadelphia, which took place at 7:45 Tuesday evening at First Presbyterian Church, Rochester. They were Rev. W. Courtland Robinson, Northminister Presbyterian Church, Philadelphia, father of the bridegroom; Rev. Dr. James Robinson, Delhi, his grandfather, and Rev. Warren Sage Stone, pastor of First Presbyterian Church, Rochester.

The bride wore two veils, one attached in train effect to her gown of

white satin and embroidered net, and the other falling over it from cap of net and lace, with orange blossoms. Her flowers were white roses and lilies of the valley in shower effect. The maid of honor wore pink satin and tulle combined with silver, and carried pink roses. The bridesmaids were in blue and carried sunburst roses.

A small reception, attended by 40 guests, followed the church service. After a three weeks' trip in the Adirondacks Mrs. Robinson will return to Columbus to have charge of the pure food show of The State Journal and Mr. Robinson will enter Princeton Theological University for his last year of study. He hopes to become a chaplain in the army after his ordination."

Nearly fifty children of the Christian Sunday School greatly enjoyed a picnic on the beautiful grounds of Cherry Hill, Thursday afternoon.

Mrs. W. E. Robinson, assisted by Mrs. H. E. Conwell and Miss Ethel Spray, had charge of the children.

Mrs. Homer McCune delightfully entertained twenty-seven boys and girls, Thursday afternoon in honor of her daughter, Helen.

The little hostess in dainty white and large pink sash received her guests winningly.

The children greatly enjoyed the three contests provided for their amusement in the peanut hunt, Winifred Hicks won the prize; in the donkey contest Ruth Dearn won the prize; and the lemon contest was won by Elizabeth Springer.

A pink and white color scheme was employed in the house decorations of cosmos and snapdragons, and was carried out in the refreshments as well as the guest favors of small cups filled with pink and white candy.

The guests included: Winifred and Elizabeth Hicks, Helen Bethard, Mary Shoop, Marguerite Todhunter, Henry and Leland Hoppess, Marjorie and Ruth Dearn, Lillian Thompson, Jean Martin, Walter and Bernard Ore, Elizabeth Springer, Leonard Watts, Virgil Cramblit, Ethel Bell, Richard Springer, Carl and Hazel Ellis, Herman Allen, and Francis McCoy.

Mrs. McCune was assisted by Mrs. J. B. Miller.

Twelve girls of Mrs. Harry Rodecker's Sunday school class of Grace M. E. church, were indebted to Miss Naomi Rowan for a delightful little party Thursday evening.

Interest centered in a jolly "Little Circus" game and Miss Ressie West won the prize in a "Love in a Kitchen" contest.

A dainty collation was served, in which pink and white tints were prettily used.

Miss Dorothy Saxton was the guest of honor at a charming little affair this morning, with Mrs. Alexander H. Ballard filling the role of hostess.

It was quite informal, the dozen girls in attendance the friends of Miss Saxton's closest intimacy.

Entirely as a surprise came a shower of dainty personal gifts to the bride-elect, who was radiant, wearing a white satin skirt with green georgette blouse.

The Wednesday meeting of the Sugar Grove W. T. C. U. was held with Mrs. Oliver Garringer.

Mrs. S. E. Taggart of Jeffersonville, County President, conducted the meeting and made an interesting little talk.

There was no program as it was the day for the annual election of officers. Those chosen were Mrs. Elva Post, President; Mrs. Pearl Darlington, 1st Vice; Mrs. Eva McCoy, 2nd Vice; Mrs. Dulcie Elliott, Secy.; Mrs. Laura Pine Treasurer.

Tempting refreshments were served.

NEW GYMNASIUM SCHEDULE FIXED

A new gymnasium and swimming schedule has been arranged by Physical Director Parker of the Y. M. C. A. and will go into effect next week.

The business men's class will meet at seven o'clock on Monday and Thursday nights for volleyball. The men's noon volleyball classes will continue the same as usual. The boys' classes will not start until the first of October.

The girls' swimming classes will meet on Tuesday and Thursday at 3:30 and the women's classes at 4:15 on the same days.

DIRECTORS MEET

There will be a board of directors' meeting at the Y. M. C. A. Monday night at seven o'clock to discuss "Y" affairs for the coming year during Mr. Patton's absence and to appoint the various committees.

The Herald wants ads always pay—why not try one today.

PERSONALS

Mrs. Carrie Cline Deere and son Cline returned Thursday evening from a couple of days stay in Columbus.

Misses Bess Casey and Jeanette Weaver spent Friday in Columbus.

Paul Craig leaves Saturday for Ohio Wesleyan at Delaware.

Mr. Will Jefferson Jr., son of Mr. and Mrs. Will Jefferson of Bloomingburg, who has held a responsible position with the Cutler-Hammer Co., at Milwaukee, Wis., has been transferred to the company's New York offices, and leaves with his wife for the East in the near future.

Mr. J. P. Sexton is in receipt of a letter from his son Robert, who recently joined the United States Marines and is located at Paris Island, stating that he had qualified in a test of marksmanship, and his pay increased \$2 per month.

Miss Pearl Gates leaves Saturday morning for Cleveland, where she will teach this year.

Burris Tharp is visiting his sister, Mrs. Richard Ramsey in Akron.

Mr. D. S. Craig, sons Paul and David Tom Rogers and Charles Fabb spent Thursday at Sweet Briar Ridge.

Mrs. P. F. Sharp and daughter Gertrude left Thursday for their home in Denver, Colo., after an extended visit with Mrs. Sharp's sister, Mrs. Joe Mark. Mr. and Mrs. Mark accompanied them as far as Cincinnati for the day.

Miss Susan Putnam, who will teach in the public schools arrived Friday evening from her home in Athens.

Mrs. Thos. S. Maddox left Friday morning for Columbus for a few days stay, from three she will go to Circleville to visit her brother.

Dr. M. S. Creamer left Thursday night for his home in Los Angeles, Cal., enroute he will visit his cousins Mrs. Roy Dove, in Shelbyville, Ill., Mrs. Douglas Shoaff, of Springfield, Ill. Dr. J. F. Dennis accompanied his son-in-law to visit his farms in Indiana and Missouri.

Mrs. Charles S. Gage is quite ill at her home on Circle Avenue.

Mrs. O. B. Patterson visited in Atlanta Friday.

Mr. and Mrs. R. S. Quinn left Friday morning for Ashland, Ky., to be the guests of their daughter, Mrs. Ned Poage and Mr. Poage until the first of the week.

Mrs. Hamor Conn and daughters, Louise and Eleanore, who have been visiting at the home of Mrs. Conn's parents, Mr. and Mrs. H. H. Sanderson, and also the Misses Conn, left Thursday for a few days stay in Delaware before going on to their home in Cleveland.

Washington friends will be interested to learn that Mr. and Mrs. W. H. Turner (nee Flora Allen) have moved from Columbus to Kansas City, Mo., the former home of Mr. Turner. They left Wednesday.

Mr. and Mrs. Clemmer Paul and little daughter, Jane, returned to their home in Akron Friday morning.

Mr. Wert Briggs and daughter, Dorothy were visitors in Columbus Friday.

Mrs. Ada Jones went to Columbus Friday morning to visit her daughter, Mrs. Claude Post, and family.

Mr. James Thornton came over from Xenia Friday morning to join his wife and visit his parents, Mr. and Mrs. Charles Thornton.

Mesdames Harry Rodecker, Herman Price, Jess Feagins and Earl Powell motored to the Grange picnic at East Monroe Thursday.

Mrs. Tudie Barker and daughter, Miss Corinne of Jeffersonville, were shopping guests here today. Miss Barker, a graduate of the Jeffersonville High School last year, enters Ohio Wesleyan University this fall. Mrs. Barker's son Fay, who enlisted in the auto truck department of U. S. service and has been at Camp Carb, Columbus, expects to leave soon for south.

Mr. Fred M. Mark is a business visitor in Columbus.

Mr. and Mrs. John Van Gundy, daughter Bernice Sessler, Mr. and Mrs. Clifford Irvin returned Thursday afternoon from a week's outing spent camping at Allen Cliff in Ross County. Enroute home they motored to Chillicothe and visited the cantonmen camp.

Dr. A. L. Reynolds and wife, of Sabina, were guests in this city Friday enroute from a visit in Xenia.

Richard James has returned to his home in Indianapolis, Ind., after a week's visit with his aunt, Mrs. Glenn Rodgers.

Mrs. A. S. Glascock and children, Georgiana and Gifford, have returned to their home in Cincinnati after

spending part of the summer with Mrs. Glascock's parents, Mr. and Mrs. J. L. Rothrock.

Miss Leona Rhoades is visiting in Chillicothe.

Miss Gladys Melson left Friday for Brainbridge where she will spend the coming year at the home of her uncle, Mr. James Sylvester and wife. Miss Melson will teach again in the same school in which she taught last year.

Miss Mary B. Rowe leaves Saturday for Jamestown to resume her teaching at the Ross township centralized schools.

Mr. and Mrs. Thurman Truitt (nee Stella Ford) of Columbus are announcing the birth of a daughter, Joyce Lorene, Wednesday Sept. 5th, at the home of Mrs. Truitt's parents, Mr. and Mrs. Owen Ford, East Market street.

Mr. Herbert Sanders of Havana, Cuba, who has been the guest of his brother, Mr. R. S. Sanderson, and wife leaves this evening for Logan, O., where his family now is, to visit his parents.

Mr. and Mrs. George A. Robinson were visitors in Cincinnati Thursday.

Mrs. Roy Parrott, of Jackson City, visited her mother, Mrs. Mary J. Rodgers, the past two days.

Mr. and Mrs. James Cook (nee Anna Lee Shobe) are expected home from a week's wedding trip to Russell's Point and Indian Lake.

FUNERAL SERVICES WILLIAM SHAFER

A brief prayer service was conducted by Rev. Cherrington over all that was mortal of Mr. William Shafer, Thursday afternoon at the home on Circle Avenue, before the body was taken to Oak Chapel, near New Holland, for the funeral services.

The greater part of Mr. Shafer's life had been passed in this vicinity and he had taken great interest and been quite influential in the building of Oak Chapel. He was also a man highly thought of with more than usual share of friends and the church was crowded with the neighbors and friends of his home neighborhood.

Rev. Drumm, of the New Holland M. E. church, officiated and a quartet, Mrs. Drumm, Misses Pearl Drumm, Esta Grimes and Kirk, sang the hymns "Jesus Savior Pilot Me," "Beautiful Isle of Somewhere," and "Nearer My God To Thee."

The interment was made in the New Holland cemetery, with three sons, Messrs. John, Ora and Perce Shafer, and three grandsons, Edward Roseboom, Wallace Roseboom and Ray McAllister acting as pallbearers. There were many beautiful floral remembrances, including special designs from the Elmwood Ladies Aid society, neighbors, children and relatives.

MEMOIR

Wm. Shafer was born in Fayette County, Ohio, Oct. 7, 1849 and died Sept. 4, 1917.

The most of his life was spent in his native county. In 1873 he was united in marriage with Miss Elizabeth Gaskill, from which union 12 children were born, seven of whom are living.

He united with the Methodist Episcopal Church in New Holland, Ohio, about the year, 1870, during the pastorate of Rev. Martin, in which communion he remained until death.

In his younger days he was very active in all church work, and he with others were the founders of the Oak Chapel Society, and the present building.

He served as superintendent of the Sunday School and in other important positions in the new organization, and for a number of years was an active member of the same. He taught in the Sunday School and faithfully performed his part in all church work.

He was a kind husband and father, and wrought to help and provide for his family to the extent of his ability.

His last illness was caused by heart trouble, and he was a sufferer for about two months before the Master called him home.

He leaves to mourn, his wife, seven children, eleven grand children and two great grand children, besides many friends and relatives.

CARD OF THANKS

We wish to extend our thanks for the kindness and sympathy shown us by friends and neighbors during the illness and death of our husband and father. And especially do we thank the ministers, Rev. Cherrington and Rev. Drumm, Undertaker Kieleyer and for the beautiful floral remembrances.

MRS. WM. SHAFER AND CHILDREN.

To show how sincerely she sympathizes with the Russian idea of "no indemnities," Germany has assessed a little fine of \$50,000,000 on Roumania.—Chicago Herald.

BAGGAGE READY FOR DEPARTURE FROM CAMP PERRY

Mr. Chas. Phillips, of the Sanitary Barber Shop, is in receipt of a letter from Emmitt Hays, member of Company M, and the day the letter was written the "Rainbow Division" had all packing done and was ready to move to another camp, presumably at Mineola, Long Island, on the following day.

He stated that six days' rations had been issued to the men, and that all arrangements for departure had been made.

The letter further stated that Company M now has 251 men, and it requires four cooks to supply them with eats. Some doubt, he said, existed as to just what camp they would be sent.

He stated that all were well and in fine spirits, and anxious to get out of Camp Perry, where there has been a great deal of rain and much chilly weather. All men were eager to get somewhere else soon, either a camp in some other part of America or in France. He expected to be in France before many weeks.

VIEWS OF OTHERS

Editor The Herald:

Permit me to express appreciation of your timely editorial of yesterday on "Let Us Have Peace."

It was not expected that you would be able to do the subject full justice in one proclamation, but I venture to suggest another instance which should have been included:

There has not been a Sunday morning service at the Methodist church since the present auto season began that some idiot has not interrupted the service by the misusing of the "cut out" or the horn.

If he had come into the church and disturbed the service he would have been ejected promptly and jailed, but the disturbance caused would have been less.

If autoists will persist in disregarding the welfare of others why not, as to the car, cut out and dehorn them?

JUSTICE.

OSCAR YEOMAN DIES AT HOSPITAL

Mr. Oscar Yeoman of the Good Hope neighborhood died at the Fayette Hospital at four-thirty Friday morning.

Mr. Yeoman had been ill for some time and was operated on for the second time Tuesday.

He was a highly respected farmer and is well known in this county, where he has resided all his life. A widow and three children survive, him, Jesse of this city, Mrs. Harold King of near this city and James who resides on the farm at Good Hope.

The funeral will be held Sunday at 1:30 o'clock at Good Hope M. E. Church and burial will be made at Good Hope.

The Authorities Act

The national authorities, after careful and thorough investigation and preparation have launched an offensive against the I. W. W. organization and two or three other organizations kindred in traitorous purposes and overt acts.

The pro-German press which has been encouraged in its campaign of obstruction and disturbance by being too leniently dealt with by a magnanimous and generous people, is to have its fangs drawn and its claws clipped by enforcement of laws predicated on loyalty to country and common honesty and decency between men.

If these disturbers and plotters against a government and a people which have given them the opportunity to live and prosper and enjoy the blessings of freedom, risked only their own lives the ingratitude would be perhaps less monstrous. That class of creatures however take good care of their own safety and urge others on to deeds which result in violence and death.

It is better by far for the government to seize upon the plotters before innocent and misguided people are ensnared, as it has, than to wait until the military is compelled to quell disorders.

The Visit of Viscount Ishii

The impression is growing and, in view of conditions throughout the world, there seems to be much to warrant it, that the visit of the Japanese mission to this country is one of great importance and is but the forerunner of a new national policy both in the United States and Japan with reference to the relations of the two nations.

Viscount Ishii's message to President Wilson and to the national congress seems to be much more than part of a mere formal exchange of courtesies between the two nations.

Japan is seeking, and must seek if, as a nation, she is to endure, an expansion of her territorial domain.

During the marvelous development and awakening of Japan, since Perry broke through the barriers which for centuries had secured the isolation of the empire from the outside world, to the present time, the Japanese have build up a strong military organization really necessary to enable her to rise from obscurity to a position dominating affairs in the far east.

The Japanese people are realizing now, however, that Prussian militarism is not just right. Japan wants to go farther than that in internal development and progress—she wants to take her place among the enlightened nations of the world and grow and expand by merit and genius and industry and not by conquest. Realizing that growth predicated on military supremacy, is costly in life and treasure and unenduring, she is ready to join hands with the United States in working out the far eastern trade problem and establishing a more democratic form of government.

The warning of Count Ishii is timely—agents of autocracy have been and are at work seeking to create a sentiment which will prevent an agreement between Japan and the United States. Whether they succeed or not depends upon the ability of the national authorities to find a common ground somewhere between the demands of the rabid anti-Japanese and the soft sentimentalists both in this country and in Japan.

There is every reason why the two great nations should be friends and allies—there is no reason for any strained relations. It was America that first opened the door to Japan—the problem at that time was an entirely practical one and the problem at this time is an entirely practical one.

Many thoughtful Americans are firmly convinced that momentous developments will follow the Washington conference.

Base Ball Supremacy

Base ball enthusiasts throughout the country are looking forward to a world's series this year, in the early days of October which will bring the east and the west together in the battle for supremacy in the field of the world's greatest and cleanest sport.

For several years now eastern teams have battled on eastern fields before eastern crowds.

This time, judging from present prospects, the western enthusiasts will have an opportunity to see half of the contests played on this side of the mountains and to see a representative western team battle for the highest honors in base ball.

The New York team will, it seems assured now, defend the honors of the National League and the Chicago American League team will carry the hopes of the west and represent the younger organization.

New York has several times contended for the honor but never won a world's series. Chicago has had a winning team in both organizations.

The fact that east and west are to clash has stimulated interest in the big series remarkably.

Poetry For Today

THE FLAG.

My flag is the Star Spangled Banner.
The banner that Washington gave.
The emblem forever victorious.
In war on the land and the wave,
We fear not the Kaiser on land or the sea
Protected by Washington's flag of the free.

My flag is the flag of our fathers
That Grant once led onward to fame,
The standard that waved over Sumter
When Rebellion went down in its shame,
No foreign foe dares to assail it today
Its beautiful stars are fore'er on it to stay.

It lay on the bier of our Lincoln.
It waves o'er the graves of our dead,
Around it the best and the bravest
Of Columbia's heroes have bled;
'Tis hallowed by memories olden in wars
Hats off to the banner of forty-eight stars.

My flag is the oldest and fairest
That waves in the firmament blue,
Around it when called to defend it
Will rally the noble and true;
Let the Kaiser beware in his impious pride,
Ere he touches the flag for which thousands have died.

Hats off to the flag that is dyed in the blood,
Of the good and the noble and true.
We do not want battle, but if it should come,
It will victorious wave in the blue,
Three cheers for the banner that Washington gave,
We love it today on the land and the wave.

—By T. C. Harbaugh.

Thirty Years' Sentence Falls to Deject Prisoner.

Riverhead, N. Y.,—“Gee! I'm glad to get away from Long Island for thirty years, even if I have to spend the time in Sing Sing,” said Grant Griffith of Shelter Island, N. Y., just after County Judge John R. Vunk of Suffolk had sentenced him to Sing Sing for thirty years and eight months.

Griffith pleaded guilty to setting fire to the Strong Bros. livery stable in Easthampton, to “get square” with one of the owners for a fancied wrong. He told how he waited until the employees were asleep, then ignited kerosene around the horses' feet. The building and several horses were burned.

GUNS AT THE FRONT REQUIRE CONSTANT EXPERT ATTENTION

Behind British Lines in France—

Sept. 7. — (Correspondence of the Associated Press)—In war the question of wastage of material is second only to that of men. Armaments become rapidly unserviceable through old age and casualties, the big guns most of all. For gun casualties a regular system of hospitals exists.

The first-aid station is in the battery itself, where, much as a medical orderly keeps a supply of medicine and bandages, a trained artificer keeps a supply of tools and spare parts. He can deal with any trifling accident that may occur, or replace any small part that may be broken. The modern gun or howitzer is a complicated piece of mechanism, requiring constant skilled attention if the best results are to be obtained. This attention the artificer supplies.

But, should the gun develop a complaint beyond the powers of his tools to rectify, or should an unlucky splinter of shell wound it in some vulnerable part, its removal to hospital becomes necessary. Gun hospitals are workshops, wonderfully organized to deal with the work that falls to their lot, and staffed by skilled men of the Ordnance Corps. These workshops are graded according to mobility, and are all capable of more or less rapid transfer from one point to another. They are styled light, medium, or heavy, according to their powers of movement and their capacity for dealing with work requiring light or heavy tools.

The whole system is a miracle of organization for a war which, although at present mainly one of position, may at any moment develop into one of movement. Everything, workshops included, must be ready to follow up an advance. Provision of machine shops at fixed points might meet the conditions of trench warfare, but they would become useless as the line of battle left them behind. So the Gun Hospitals, like the Field Ambulances and Casualty Clearing Stations, are fashioned upon a plan that allows of ready movement.

There remains the case of the gun that through long and honorable service is worn out. It is removed from the battery to be replaced by one of a number that lie in readiness at one of the gun parks behind the line, and is taken back to an arsenal to be rebuilt. The inner tube, whose rifling in some cases is worn nearly smooth, is removed and another inserted in its stead, after which the gun is ready to take its place once more.

ELECTRIC LIGHT CO. MAKES GOOD RECORD

By Associated Press Dispatch.

Columbus, O., Sept. 6.—What is declared to be “a splendid showing” has been made by the municipal electric light department of Ashtabula, according to inspectors of the state bureau of inspectors of the auditor of state's office. In a year receipts were \$16,000 more than expenditures. This does not include \$13,000 which the city should credit to the department for lights that have been used without charge to the city.

YANKEE ADMIRAL IS IN HIGH FAVOR WITH BRITISH NAVY

ADMIRAL SIMS IN LONDON

Herewith is reproduced the latest picture of Vice Admiral William S. Sims, United States navy, received in America. He is seen here as he looked when watching American troops marching in London. Admiral Sims commands the American naval force sent to British waters. The British admiralty recently put him in general charge of the allied naval forces in the seas surrounding Ireland in the absence of the British naval commander in chief on the coast of Ireland.

QUESTION OF WAGE IS UP TO GARFIELD

(By American Press)

Indianapolis, Sept. 7.—In deference to the request of H. A. Garfield, national coal dictator, the joint conference of coal mine operators of the central competitive field and officials of the United Mine Workers of America, to discuss a wage increase for the coal miners, has been postponed. The informal conference was adjourned, subject to the call of President John P. White of the mine workers.

William Green, secretary-treasurer of the miners, announced that a request had been made of Mr. Garfield to meet the three chief international officers of the organization and the district president of Illinois, Indiana, Ohio and western Pennsylvania, comprising the central competitive field, in conference in Washington next Tuesday.

Because of the postponement of the joint wage agreement at the request of Mr. Garfield, Mr. Green said the operators would not be represented when the miners met the coal administrator in Washington. “Information and facts showing the necessity of a wage increase will be presented to Mr. Garfield by a committee representing the miners,” reads a statement given out by Secretary Green. “This wage increase is made necessary because men are leaving the mines, to seek employment in other industries where they can work more steadily and earn more money.”

Evidently the American people think more of the Red Cross than they do of the iron cross.—Oshkosh Northwestern.

CLAIMS THIS YEAR IS THE TIME TO RID OHIO OF SALOONS

By Associated Press Dispatch.

Columbus, O., Sept. 7.—The Federal government cannot settle the liquor question for the separate states if it so desires, according to James A. White, state campaign manager of the Ohio Dry Federation, in a circular letter sent out to workers throughout the state. The letter is the result of numerous inquiries from all parts of Ohio by those who have received an impression that action by Congress might make unnecessary the campaign in Ohio.

According to his letter, the only provision whereby the United States could become dry under the federal constitution is by an amendment to the constitution and that Congress as such could pass no law that would be binding.

“The national government” says White, “has authority as a war emergency measure only, to pass a law prohibiting the use of grain in the manufacture of intoxicating liquors, which would be subject to repeal after the war is over. It already has passed a law forbidding the use of grain in the manufacture of distilled spirits, giving the President authority to commandeer whiskey in stock and in bond for munition purposes, and authorizing him in his discretion, to restrict or prohibit the making of beer and wine, and to determine the alcoholic content of these liquors. Newspaper information from Washington is that the President will not exercise this power at this time.”

“Ohio this year has an opportunity that no state in the Union has ever had, that is, to have a three-fold victory against liquor interests. First, to substitute prohibition in our own state constitution in place of the non-enforceable license law; second, to insure the ratification of the national amendment by the Ohio legislature; third, to make certain the concurrence of the House in the Senate resolution.”

OUR OPPORTUNITY TO REPAY FRANCE BY JUDGE PUGH

Judge David T. Pugh, of Columbus, one of the ablest lawyers and best posted men in Ohio, who has a large circle of friends and acquaintances in Fayette county, in a communication to the Ohio State Journal, sets forth clearly the obligation Americans owe to France.

"The participation of the United States in the European war will furnish an opportunity to pay a long-standing and unpaid debt which we owe to France. Very few Americans are probably cognizant of the magnitude of that debt.

During the Revolutionary war France gave this country moral, financial, military and naval aid. Even before the declaration of independence she supplied us with \$1,000,000. Lafayette, a boy 19 years old, was our pioneer ally. As early as December, 1776, he concluded an arrangement with the American agent in Paris. He fitted a ship with military stores at his own expense, and brought it to us. As soon as he reached this country, he proposed to serve upon two conditions, first, that he should receive no pay, and, second, that he should act as a volunteer. On July 31, 1777 Congress accepted his offer and gave him a commission as a major general of the United States. The next day he reported to Washington who placed him in command of a division in which capacity he unselfishly served this country, with advantage and credit to it, until the surrender at Yorktown.

"The colonies were financially poor, having neither money nor credit. Congress had scarcely any power except the power of the members to quarrel among themselves. Through Franklin's influence they obtained a loan of \$2,300,000 in Europe, most of which was furnished by France. Her assistance was rendered secretly until the surrender of Burgoyne and his army to Gates and his army at Saratoga, after which she came out into the open and in the following summer she declared war against Great Britain, and by her influence induced Spain to do likewise.

"Afterwards, at three different periods, she assisted us. In April, 1778, she sent some war vessels over under Count d'Estaing, who unsuccessfully tried to take Rhode Island from the British. The second French expedition, which consisted of war vessels and an army of 6000, came over in 1780, and it brought along a gift of more than \$1,000,000. The full fruition of France's help was not realized until a third expedition under de Grasse came over in 1781. The French fleet blocked Chesapeake Bay, while the French and American armies combining besieged Yorktown and Lord Cornwallis' army which culminated in the surrender of the latter.

"If France had not come to our aid as she did, this republic would have died in childbirth. Our independence was won on the plains of Yorktown, by the combined valor of French and American soldiers; indeed, the French regulars under Rochambeau outnumbered the American soldiers under Washington. The French have been so well bred that for more than a century they have never mentioned our debt of gratitude to them, and we have been so ill-bred that we have never mentioned it. Now, when France has been robbed, ravaged, burned and is bleeding at every pore, is the time for us to pay the debt with our sweat, toil, money and blood.

"DAVID T. PUGH,"

Columbus, July 24.

CASE ATTRACTS DEEP INTEREST

Nearly a score of witnesses are subpoenaed in the case of Oris Bowshier, of upper Fayette County, against Pearl Dewey, on charges of assault and battery.

The hearing was started in Probate Court, Friday morning, and the witnesses and a number of friends of the interested parties were present for the hearing, which was conducted before Judge Allen and a jury.

The plaintiff was represented by Prosecutor H. M. Rankin, and the defendant by Attorney J. D. Post.

Quite a bit of interesting testimony was given by a number of witnesses on the stand.

The woman has been keeping house for the defendant, and a short time ago the defendant is alleged to have struck her.

Gust J. Papatheodorokoundurgis-Tomichlakopoulos, of Chicago, bought a United States bond and says he is an American citizen. What's his name, please?—Kansas City Star.

Boost Washington; buy at home.

Just In—Hart Schaffner & Marx Styles for Fall

This year of all years it's important to be sure of what you buy in clothes, and to be sure of the merchant you buy them of. Cotton adulterated clothes will be plentiful but you don't want them; the real economy is in all-wool. The announcement that Hart Schaffner & Marx clothes for fall are here means all-wool and value.

New All-Wool Fabrics

YOU'LL choose here from the finest all-wool fabrics in the world; you'll pick from the new stripes, the green colorings, the soft toned grays and blues and browns; the choice worsteds and tweeds.

Sport Suits

YOU'LL see the new sport suits in all variations; single and double breasted models, half belts belts all around, yokes, plaits, patch pockets; many with military touches.

Belted Overcoats

FOR men of affairs; for young men of spirit, the Hart Schaffner & Marx belted overcoats for fall are the thing. Belts all around, slip-ons, loosely draped models; they're very striking styles and the fabrics, quality and prices are right

Bring Your Boy Here Tomorrow For His New School Outfit

Let us put a new suit on him, one that is made of all-wool fabric, well tailored, and will give him the best service possible.

This sort of clothes cost no more than the ordinary kind—and are so much more satisfactory.

School caps—school shoes—school stockings—and in fact everything he will need is right here waiting for him.

DOWN DECISIVELY

By Associated Press Dispatch.

WASHINGTON, September 7.—Retention of the war tax bill's income tax provision raising \$842,200,000, including \$482,200,000 from individuals was forecast today on a preliminary vote of the Senate by which Senator LaFollette's amendment to increase the assessment upon individual incomes to \$642,650,000 was rejected 55 to 19.

Senator Hollis' amendment proposing to increase the income tax levy to \$557,000,000 or about \$75,000,000 more than the bill provides by increasing surtaxes on income in excess of \$25,000 also was voted down 51 to 26.

HOW TO SAFEGUARD HEALTH OF CHILDREN

By Associated Press Dispatch.

Columbus, O., September 7.—That the health of school children over Ohio may be protected, the state board of health issued a statement today directed to school authorities, making the following suggestions:

"See that the water supply for your school is clean and safe.

"Is the school yard drained and a safe place for the children to play. Is the school building well lighted and well ventilated so that the children will not injure their eyes or lack fresh air?

"Are there deflectors for the windows which will admit fresh air without making a draft?

"What are the arrangements for heating the school?"

"What arrangements have been made for medical inspection of the children, and what regulations have been provided for preventing the spread of communicable diseases?"

NO COAL AT LOW PRICE IN SIGHT FOR MANY WEEKS

A local coal dealer announced Friday afternoon that no coal at the price fixed by the government would be obtainable under three weeks from the present time, and that it was possible it could not be obtained even then.

As a result of the coal shortage announced from Columbus, Thursday, there has been a general rush upon local coal dealers, although large numbers are still awaiting an expected drop in prices.

LOCAL SOLDIERS ON LONG ISLAND

Unconfirmed reports have reached this city that Company M, and the remainder of the 166th United States Infantry, has left Camp Perry for Mineola, Long Island, to go into camp at that point until they are transferred to France.

It is understood that the troops left Camp Perry on Thursday, but no official announcement to this effect has been made.

CAN'T FIX PRICES SAYS MR. HOOVER

(By American Press)

Washington, Sept. 7.—Price fixing for meat and dairy products has no place in the government's food control plans, Herbert Hoover, the food administrator, told the national live stock commission.

Not only would it be inadvisable to institute price fixing in these industries, Mr. Hoover declared, but the food administration has been given no such power.

As long as there is a heavy demand for meat, with a decreased production, Mr. Hoover said, meat prices will continue to soar. The hope of the food administration is that it can stabilize quotations and thus eliminate speculation.

"I can not believe there is a panacea for a situation of this kind," said Mr. Hoover. "Our problem is to increase production. The best we may expect is a slow development toward the ends we seek. Drastic control of packing plants, with government operation as an alternative, will not work. We can administer food control only through the co-operation of all interests concerned.

"There is no power in the food bill to fix prices and we never have asked that power. Everywhere in Europe price fixing—that is the naming of maximum prices—has failed. We had the fixing of wheat prices thrust upon us, as it is our duty to purchase 30 per cent of the crop for export, and we had the wheat committee name a price as a guarantee to producers and to stop speculation.

"The meat situation is such that a high price to producers is guaranteed for many years. If the war were to end suddenly or if the submarines were to be overcome great stores of wheat would be released in Argentina, Australia and the bottom would drop out of the market in this country. These three nations will have on hand soon enough wheat to feed the world, but ships can not be had to transport it.

"Beef and pork present different situations. We export a small amount of beef, relatively, but now we are over-exporting pork and it may become necessary to take measures to keep a proper relation between the price of corn and hogs. We want your advice as to how this may be done.

"There is nothing that can be done to stop the rise in meat prices if the shortage continues, but if we stabilize prices the rise will move at a continuous level."

A general discussion that followed Mr. Hoover's address developed that many of those attending the conference were of the opinion that prices might be stabilized to some extent through centralization of the allied purchasing. The food administration, acting as the allied food purchasing agent, not only will buy for the European governments, but through them for the civilian population as well.

BIG TOTAL FIGURES

(By American Press)

Washington, Sept. 7.—The largest recent deficiency bill in history, \$4,110,979,370, was reported favorably to the house by Chairman Fitzgerald of the appropriations committee. It would provide \$645,000,000 for army; \$250,000,000 each for clothing and transportation; \$120,000,000 for machine guns; \$876,213,000 for artillery; and \$603,900,000 for ammunition and other large items.

GORE'S CRITICS ASK HIM TO GIVE UP HIS SEAT IN THE SENATE

SENATOR THOMAS P. GORE.

A survey of more than 200 papers of Oklahoma, large dailies and small country weeklies, disclosed that there is a wide spread movement in the state against Thomas Pryor Gore the blind senator from Oklahoma, now serving his second term.

Of 225 Oklahoma papers examined, the Daily Oklahoma found eleven were openly criticizing the senator, 108 either carried no editorials or avoided discussions of the subject, and only five made any effort to explain his course. None of them was supporting him in his attitude of opposition to some of the administration's measures for carrying on the war.

Many of Mr. Gore's staunchest supporters in the political and newspaper arena have joined the ranks of his critics, the survey discloses. The charge is made in one paper that the senator's attitude toward the selective draft, which he opposed, was directly responsible for the uprising among tenant farmers and more or less ignorant working classes early in August. Many of his critics ask him to give up his seat in the senate.

OHIO NEWS

(By American Press)

Body Cut in Two.
Toledo, Sept. 7.—Mrs. LeRoy Beecher, sixty-one, whose husband was county infirmity director for many years, was killed instantly at Swanton by a passenger train. Her body was cut in two.

Kills Self After Wife's Burial.
Cincinnati, Sept. 7.—A few hours after his former wife had been buried here, William C. Heatley, forty-three, of this city, shot and killed himself. He had been divorced ten years ago, but had brooded over it ever since. Heatley attended his former wife's funeral.

Held Up Three Men.
Cleveland, Sept. 7.—Three automobile bandits speeding about the east side of the city held up a saloon, a coffee house and a pedestrian. The saloonkeeper was robbed of \$50, the coffee house proprietor yielded up \$30 and the pedestrian \$23 and a watch. The bandits escaped.

Auto Struck by Car.
Canton, O., Sept. 7.—Dr. William R. Butt, thirty-eight, while riding in his automobile, was struck by an electric car and hurled from his machine against an iron street sign post. He died a short time after he was picked up. Dr. Butt, who was a native of Philadelphia, came to Canton two years ago.

Argument Filed by Drys.
Columbus, Sept. 7.—The Ohio Dry Federation filed with Secretary of State Fulton the official argument in favor of the prohibition amendment to be submitted to the voters of Ohio in November. It recites, among other things, that the amendment is desired to become effective Feb. 19, 1919, giving those liquor producers, sellers and employees to engage in other business.

PETROGRAD ELECTIONS

(By American Press)

Petrograd, Sept. 7.—New municipal elections have been held in Petrograd, resulting in a victory for the radicals. The Social Revolutionaries and Bolsheviks inflicted a severe defeat on the Moderate Socialists and the Constitutional Democrats. The Social Revolutionaries polled 182,000 votes, the Bolsheviks, 174,000, and the Constitutional Democrats, 101,000. The Social Revolutionaries elected 73 municipal councillors, the Bolsheviks 44 and the Constitutional Democrats 44.

EXPLORED THE VALLEY
OF 10,000 SMOKES

(By American Press)

Washington, Sept. 7.—Safe return after a successful tour of the "Valley of Ten Thousand Smokes," of the National Geographic society's Mount Katmai expedition, was announced in a telegram received at the society's headquarters here from Robert P. Griggs of Ohio State university, head of the expedition, now at Kodiak, Alaska.

Dr. Griggs' message declares that in the light of the expedition's discoveries the valley will stand as the first wonder of the world. Instead of "Ten Thousand Smokes," as the vast volcanic area in Alaska is now known, the valley is said to have literally millions of active vents in a space of 100 square miles. The survey of the exploration party proves, according to the message, that Katmai is the greatest crater on the face of the globe, being more than nine miles in circumference and 3,600 feet deep. The party also discovered a mud river seventeen miles long and mapped 1,600 miles of territory hitherto uncharted.

Two thousand photographs of the great volcano and the contiguous territory were obtained and a complete collection of plants, insects, birds and geological data is being brought back to the United States. Gases from the vents are also being brought back for chemical analysis.

SPEEDER STRIKES AN AUTOMOBILE

Driving his unlighted motorcycle at terrific speed, an unknown man, coming in on Clinton avenue shortly before seven o'clock Thursday evening, struck an automobile containing a woman and two children.

The cyclist, not having a light on his machine, was racing down Clinton avenue to West Court street, and the automobile was in the act of completing a turn at the intersection. The man on the cycle sustained a very bad gash across one side of his face, and his cycle was damaged. One fender was crumpled on the automobile, and the car otherwise damaged. Another man who was trailing the first cyclist narrowly averted striking the car with his cycle.

Health Officer Byron reports the general health of the city as exceptionally good, insofar as contagious diseases are concerned, and for sometime now has not had a single quarantine case.

WHAT'S DOING AT BIG CAMP FOR OHIO MEN

**Camp Sherman 95 Percent Fin-
ished—Newsy Notes of Gen-
eral Interest to Ohioans.**

By Associated Press Dispatch.

CHILLICOTHE, O., September 7.—
Building construction at the National
Army cantonment here was 95 per
cent complete when the first conscripted
troops arrived this week and ac-
commodations, with all facilities, are
ready for as many as 35,000, it has
been announced by Captain Coleman,
statistical officer who keeps records
of the progress of construction work.

By the time the second increment
of selective service men reach here
September 19, there will be quarters
with all camp conveniences for 45-
000, of which 43,500 will be drafted
men mostly from Ohio with some
from Western Pennsylvania.

When the first contingent of troops

arrived 11,083 workmen were busily
engaged at the camp and this force—
perhaps even a greater one—will be
kept going at top speed indefinitely.
There is work in sight for two weeks,
contrary to reports that men would
be laid off the second week in Sep-
tember.

The condition of construction—the
percentage of completion to the most
minute details—was as follows when
the first troops arrived this week.

Building construction, 95 per cent;
water distribution, 75 per cent; water
storage, 80 per cent; pumps, 95 per
cent; wells, 96 per cent; sewage dis-
posal, 91 1-2 per cent; sewage collec-
tion, 96 per cent; plumbing, 63 per
cent; railroad terminals 68 per cent;
roads 79 1-2 per cent; interior elec-
trical work, 70 per cent; outside elec-
trical work, 82 per cent; hospital
buildings 51 per cent; remount sta-
tion, 50 per cent; laundry, 12 per cent;
refrigeration plant, 50 per cent.

Construction of permanent build-
ings was begun July 5 and on bunt
houses on June 26. Since those dates
enormous task of building a city for
45,000 inhabitants, practically has
been accomplished. The remarkable
building of Gary, Ind., considered an
engineering feat at the time, is in
consequential comparison.

Twelve hundred buildings, 30 miles
of sewers, 30 miles of water main
and distributing lines, 10 miles of
good roads, and electrical distributing
system covering a space 16,500 feet
long and 11,500 feet wide, pumping
stations with a capacity of 1,440,000
cubic feet a day—these present but
a part of the work of building the
camp.

Four reservoirs soon will be com-
pleted. Two are ready and a third
will be finished in a few days. Pump
tests this week proved highly satis-
factory, the capacity of 1,440,000 being
attained with no difficulty.

THIS IS SOME LAUNDRY.

The laundry plant at Camp Sherman
will handle more "packages"—do more
washing—than all the laundries in Co-
lumbus and the capacity will be about
equal that of all the laundries in Cin-
cinnati, according to an estimate by
Captain Coleman, one of the statisti-
cal engineers. The one plant will be
equipped to take care of 45,000 wash-
ings a week, insuring a clean change
of clothing for every man on the camp
grounds once a week.

The camp bakery will have an out-
put of bread sufficient to give 45,000
men a full ration of "punk" as it is
called in the army, three times a day.
The capacity in loaves will run into
the hundreds of thousands a week.

SALOONS HAVE GUARDS.

The thirst emporiums where "hard
drinks" are sold in Chillicothe now
have their own private policeman.
Military orders that no booze be sold
to soldiers and that saloons near the
camps be maintained in orderly man-
ner caused the liquor men to adopt
the private policing method.

DRAIN CHILLICOTHE STORES.

Officers who will occupy quarters at
Camp Sherman now are regular house-
keepers. For the past few days it has
not been an unusual sight to see a
squad of uniformed men parading the
streets with arms filled with bedding
brooms, waste paper baskets, curtains,
camp stools and what-not. This new
source of business has made a drain
on stocks of goods in Chillicothe
stores, some of which were complete-
ly wiped out.

The experience of the past has
taught the shoe and boot dealers to
put on extra clerks when it rains. It is
not unusual for a booterie to dispose
of several hundred pairs of "gum
boots" with each shower.

MUST HAVE LICENSE.

All automobiles engaged in hauling
government supplies between Chil-
licothe and Camp Sherman, a distance
of two miles or more, now must bear
a sign with the letters "U. S." and a
number, painted in black on a yellow
background. Only licensed ve-
hicles are permitted to enter the camp
grounds.

MORE SCHOOL CHILDREN

Children of officers who now have
homes in Chillicothe will be permitted
to attend Chillicothe schools without
paying tuition. The big increase in
school population has necessitated the
enlarging of all but one grammar
school in the city.

POPEJOY FARM FOR SALE

The Lewis Popejoy farm 4 1/2 miles
east of town and on the old state
road just south of where it crosses
the Waterloo pike will be sold at
the Court House at public sale next
Saturday, 8th of September at 2
o'clock p. m. by W. E. Ireland, execu-
tor.

It contains about 120 acres, is a
very desirable farm, well located, nice
distance from town, good soil, fairly
good improvements and has running
water the year round fed by springs.
It is known as the "Old Popejoy
Homestead" and has been in the
name of the family nearly one hun-
dred year. Natural conditions sug-
gest that this can easily be made an
ideal country place as well as a
good investment. 209 13

Are your clothes faded? Then use

Hoboken Widow Has Seven Sons Serving America and the Allies

MRS. WILLIAM J. TISDALL AND GRANDSON

Mrs. William J. Tisdall, a widow of
125 Garden street, Hoboken, N. J.,
has seven sons in the service of the
Allies. These are distributed among
the American, British and Canadian
armies. Her sons are: Henry Wil-
lam Tisdall, thirty-eight years old;
John Tisdall, thirty-four years old;
Mark A. Tisdall, thirty-two years old;
William Ottway Tisdall, twenty-nine
years old; Victor Tisdall, twenty-eight
years old; Edward Tisdall, twenty-five
years old; Travers Tisdall, twenty-
three years old. Henry Tisdall is
now serving in the British army. Ed-
ward is with the Canadians, and Victor
is in England with the Scots Cana-
dians. Mark is also a member of a
British regiment. Travers is a mem-
ber of Company A of the 11th reg-
iment of Engineers in the American
army. John and William are also
with the American forces.

The photograph shows Mrs. William
J. Tisdall and her grandson looking
over some of the pictures of her boys.

GERMAN FLEET IS SIGHTED IN FINLAND GULF

(By American Press)

London, Sept. 7.—The Russian and
Austro-Italian fleets continue the
centers of interest in the world war.

With the Russian fleet already
broken over a distance of about forty-
five miles between Riga and Fried-
richstadt, the province of Livonia is
fast being overrun by the Germans.

You can't get a
more cheerful finish
for your home

It is simply wonderful how
much brightness and cheer
Mellotone adds to a room.

The colors are rich, warm
and beautiful—and there are
many to choose from.

is ready prepared and easy to
apply. Mellotone walls
don't rub off or fade. Not
easily scratched or marred.

More durable than wallpaper
or kalsomine. They are
washable, when soiled, and
can be kept like new for years.
Most economical as well as
most cheerful. Mellotone makes
the ideal background for pictures.
It's the ideal wall covering for
the modern home.

We have booklets and circulars
that will prove exceedingly help-
ful to you in your painting and
decorating. Tell us about the
work you are planning to do and
we will be glad to assist you in
selecting the best paint for
the purpose.

Fayette Street

Everywhere the enemy is pressing
the retreating Russians, among whom
the disaffection that permitted of the
easy taking of Riga daily becomes
more apparent.

Although the Russians have fallen
back with great speed all along the
line, it seems evident that they have
not been put to rout and that the loyal
troops are fighting splendid rear-
guard actions. This seemingly is
borne out by the fact that the Ger-
man bag of prisoners thus far has
been less than 8,000 and their capture
in guns only 180.

An added menace to the situation
of the Russians is contained in the un-
official report that a German fleet is
maneuvering at the entrance to the
Gulf of Finland. If true, this might
indicate that the Germans are prepar-
ing for a sally into the gulf with the
object of attacking Reval, the fortified
seaport in the government of Esthonia,
and bottling up the Russian ships
inside the gulf; or even of proceeding
after the Russian fleet and attempting
to destroy it, which accomplished
would leave Kronstadt and Petrograd
virtually at the mercy of the enemy's
guns.

The Italian commander in chief,
General Cadorna, continues his re-
luctance concerning the operations he
has in view against the Austrians, his
latest communication merely an-
nouncing the continuation of the
heavy fighting northeast of Gorizia
and the repulse on the Carso plateau
south of the Brestovizza valley of
strong Austrian counter attacks.

From an Austrian war office state-
ment, however, the situation regard-
ing Monte San Gabriele, which was
reported unofficially to have been taken
by the Italians, has been clarified.
This eminence, the last point in the
Austrian line dominating Gorizia, did
fall into the hands of the Italians,
but the Austrians, in violent counter
attacks, reoccupied it.

On the Carso plateau, south of the
Brestovizza valley, the Austrians
doubtless have reinforced the Aus-
trian line; counter attacks of great
strength have been thrown, but un-
successfully, against the Italian front.

The western front in France and
Belgium remains virtually quiet, ex-
cept for artillery duels on numerous
sectors, trench raiding operations,
aerial raids and fights in the air be-
tween opposing aviators.

A renewal of activity on the Macedo-
nian front is recorded in the latest
French official communication, but
this also is being carried out to a
large extent by the artillery. The
duels are particularly spirited on both
sides of the Vardar river, where the
British violently bombarded enemy
works. East of Lake Dalman, the Bul-
garians attempted two infantry at-
tacks, but both of them were repulsed.

Mortgage Loans On Farms.

We have an unlimited amount of
4 1/2 and 5% money to loan for
10 years, privilege of paying all
or any part of principal at any
time. See me before engaging
your money.

Why Not The Best

Of course, you CAN get along without
a bank. So you can manage without a
typewriter, or a cash register, or a fountain
pen, or a watch, or a cook stove, or a watch
dog—you can even do without a wife. But
why stump along by the old rule of thumb
when you might have every advantage of
modern methods? And this Bank is THE
SUPREME INSTRUMENT OF SECUR-
ITY AND EFFICIENCY.

The Photographer in This Town

**Dr. Frederick Blankner, the Distinguished
Specialist, Returns to Washington
Monday, Sept. 10th, to Remain One
Week Until Monday, Sept. 17th, at
Hotel Arlington.**

One year ago Dr. Frederick Blank-
ner was here at Hotel Arlington
where he remained for several weeks.
People from all parts of the county
made a little journey to meet the doc-
tor in a heart to heart talk concerning
all kinds of ailments as well as to
have their diseased teeth extracted
without pain.

It is well known that the doctor
served many people and as far as
known all were satisfied.

Dr. Blankner is a specialist in the
treatment of complicated chronic dis-
eases of the stomach, liver, bowels,
heart, lungs, kidneys and nerves, as
well as goiter, chronic nasal catarrh,
eczema and rheumatism.

If afflicted in any way you will
be acting wisely indeed to make a
little journey to the Arlington Hotel
when the doctor will explain to you

just why you are sick and just why you can get well.
For the past three years the doctor has been within a radius of 75
miles of Washington and has established an enviable reputation. He is a
success and not a failure in the treatment of chronic ailments. No more to
the wise need be said.

Watch Your Step and Examine Your Teeth

The Blankner way of extracting teeth without pain is known to many
of our people. During the doctor's last visit he extracted hundreds of teeth
and all are satisfied. No chloroform, ether, gas, somniform or eucainal used.
No bad results. You come to Hotel Arlington where you can sit down in
an ordinary rocking chair and as one tooth after the other is extracted you
will smile and say God Bless the doctor. It makes no difference where you
go you will not find anyone that can duplicate the work and every time
the doctor extracts a tooth for you he proves his work. One week, Arling-
ton Hotel, September 19th until Monday, September 17th. Office hours 9 a.
m. to 8 p. m.

Rogers' Park Concert

Friday Evening, Sept. 7th

Price's Premier Band

of Greenfield

Concerts Commence at 7:30 P. M.

This Park is located two miles north of Bloom-
burg, is now open to the public at all times. A de-
lightful place for picnics and reunions. General
admission 15c.
